

## **ASSOCIATION OF CHIROPRACTIC BOARD ADMINISTRATORS**

The following information is requested for the purposes of the ACBA to determine eligibility for a grant, to assist in the participation of Chiropractic Board Administrators at the Spring national meeting of the ACBA. This association is a child of the Federation of Chiropractic Licensing Boards, of which your Board is likely an active participant. Rather than the Board members, the ACBA is comprised of the chiropractic Board administrators in the U.S., as well as inviting participation from other countries such as Canada and Mexico.

In short, it is designed to be a support organization, to provide education, assistance, and a networking opportunity to those administrators who are actually responsible for implementing the policies established by the chiropractic regulatory board. Last year the ACBA began an initiative to increase the participation at the annual meeting of the ACBA. Again, this year the ACBA has determined that it has enough money to be able to sponsor one attendee, including air fare, and two nights lodging at the upcoming meeting, scheduled for Wednesday, May 6, 2009, in Hollywood, California.

Your responses to the questions below will aid the ACBA Executive Committee in selecting an eligible administrator to be sponsored for this meeting. Please be complete, but concise in your answers. If you need more space, please feel free to add additional sheets.

Good luck!!
